We will discuss:

- When to evacuate
- Why some people couldn't drive away from danger
- A \$10 item that could save your life
- How to improve your 72 Hour Kits
- Emergency communications
- The most important document
- Products that don't work
- How your pet may hurt you
- The two things survivors say you should do today
- The most common advice from survivors

This is a free event and open to everyone interested in learning more about personal and neighborhood preparedness.
